

Getting Back into the Swing of Things

Things are starting to get back to normal around here! So many of our families have returned and our classrooms are filling up. We love hearing the joyous sounds of children in the hallways and seeing the smiling faces of parents happy to have some normalcy back in their lives. With that being said, if you have withdrawn and are wanting to return please contact us as soon as possible.

How were Keeping Everyone Safe

- Anyone that enters our building is required to wear a mask
- Taking temperatures when people enter the building
- Taking the children’s temperature twice a day
- We are not hosting “traditional” enrichment (gym, movement, computers) at this time but we are able to bring all of those materials into our classrooms. We have also added an extra recess with additional summer fun activities.
- We are meticulously cleaning and sanitizing all throughout the day
- We are encouraging social distancing between all children and staff

Parents,
If your child is going into kindergarten through 5th grade please let us know what your plans will be for the upcoming school year. We are starting to plan our bus runs for drop off and pick up!

Sunscreen

We would like to remind everyone that we do require your children to come to school fully sunscreensed and we will re-apply sunscreen in the afternoon. Our teachers are really good at letting you know when you are running low but it’s always a good idea to check in with them to make sure you have a full supply in the classroom.

Helpful Phone App.

Are you wondering what the typical milestones are for your child!? The CDC has developed a milestone tracker to help you. It has helpful tips, videos, and activities. All you have to do is search “CDC milestone tracker” in your app store. If you’re looking for more information, we have a poster on our parent board in the front lobby.

New Find! Great Labels!

If you are looking for a quick and easy way to label your child’s belonging this website has everything you need. From Tupperware/water bottle labels to washable fabric ones. Check it out!
